WHO WE ARE

Founded in 2017, Social Lab started with a focus on property photography and videography. Working closely with agents, we saw a bigger need—strategic, consistent marketing that not only showcases homes but also builds powerful personal brands. From there, we grew into a full-service content and marketing team.

Today, our passionate, experienced crew spans photography, videography, graphic design, and content creation, partnering with some of the Gold Coast's leading real estate and buyers agents. With deep property knowledge, we know what cuts through, builds trust, and generates real leads.

We're a team of energetic, creative professionals driven to see our clients win. More than a marketing team, we become an extension of your business, creating high-quality content, fostering authentic brands, and focusing on long-term growth, not short-term noise.

WHAT IS THE KICKSTART PACK?

Your Marketing, Simplified.

If you're an up-and-coming agent, you don't need a massive content machine... you need consistency that actually drives results.

This is your streamlined version of 'The Ecosystem'. Each month, you get 4 high-quality reels, professionally edited and ready to go, posted for you, and backed by paid ads to put your content in front of the right people.

WHAT WE DO.

CONTENT CREATION

Video is where attention lives, and we create content that stands out. From concept to filming, every reel is crafted with intention. The result? 4 high-quality reels that engage and inspire action.

SOCIAL MEDIA MANAGEMENT

We take care of posting your reels so your brand stays active and consistent. From captions to scheduling, every detail is handled with purpose. It's about building presence and keeping you front of mind.

CAMPAIGN MANAGEMENT

We turn your reels into targeted campaigns that flood your core market.

Instead of just posting and hoping, we strategically boost your content to the right suburbs, the right audience, and the right buyers and sellers, over and over again.
